Child Development

"A child's life is like a piece of paper on which everyone leaves a mark."

This course is good for students who:

- Have a passion for understanding and working with children aged 0-5.
- Those would like to gain a vocational qualification in the subject.

What topics will you be studying?

- Different early years settings for children aged 0-5.
- How to prepare for an early year's placement.
- The skills and attributes needed to be a successful early year's worker.
- The responsibilities of working with children aged 0-5.
- Children's development across the years 0-5.
- How to support children through transitions.
- The importance of observation in early year's settings.

What do students studying this qualification go on to do?

- Progress to further, relevant Level 2 or Level 3 qualifications (eg Health & Social Care).
- Undertake Level 3 programmes of study at college, such as the Early Years Educator.
- Apply for relevant Early Years Apprenticeships.
